

## On the day: what to bring to the cattery

- Your cat, nice and calm in a well secured travel basket
- If you use a harness during car travel, it must be a well fitting and on arrival, your cat transferred to a basket for the walk from car to cattery please
- Your vaccination certificates
- Chip identification number if not already provided
- Any medication in a sealed labelled plastic box, we will go over instructions together, a written note is also helpful
- An item of bedding or clothing from home to introduce the familiar scent keep separate from travel basket please in case of accidents items must be machine washable
- (optional) Scratching post if this helps
- (optional) Cat litter tray if very sensitive in this regard
- Prescription diets or unusual food items. We can supply most if given at least seven days to source this
- Note of your emergency contact number and/or mobile phone/email and a nominated local emergency contact number
- Note of the most recent date of flea treatment and worm treatment and makes if your cat goes outside
- Yourself: nice and calm, applying rescue remedy if need be! Your confidence and peace of mind will reassure your cat all is well and help a lot. That's why we like practice visits in advance: this prepares you too
- We have spares of most things you can think of including treats, just ask us
- If you or your cat would be unduly concerned by our elderly dogs sitting in the driveway let us know, we can send them to bed
- If you need collection for delivery service please let us know in advance so we can plan activities
- If you can't arrive in our normal reception hours (10 to 12 and 5 to 6 ) let us know in advance please so we can plan our day to run smoothly and calmly
